

# ***Catapult*** CLASS ASSOCIATION

**Yorkshire Dales TT, 28-29 May 2022**

Yorkshire Dales SC has proved a popular addition to the **Catapult** circuit in recent years. YDSC has a comfortable modern clubhouse set in the heart of the Yorkshire Dales National Park between Pateley Bridge and Grassington. We are sharing the event with the Vortex fleet.

## ***Booking, Notice of Race and Sailing Instructions***

Entries on the day are allowed, but advance booking online is strongly recommended, so the Club can gauge numbers and so there are no hold ups at the Registration desk. In the YDSC website (<https://yorkshiredales.sc>) pull down the Sailing menu and click on Open Meetings. Against the Vortex & Catapult Open click on Details. That will take you to the Event welcome page. From there there are links to the Notice of Race, Sailing Instructions and Entry Form. The suggested donation is £30 (YDSC is a charity funded by the National Lottery so cannot charge for entry). Even if you have booked online you will be asked to register on the Saturday morning for Gift Aid purposes.

Mike Gough ([gadgetgough@aol.com](mailto:gadgetgough@aol.com), 07508 526543) will be the Association's liaison person for the event. He will collect the £5 CCA levy.

## ***Racing programme***

On the Saturday we shall have 4 races starting at 13.00. The expected pattern is two races back to back, a break and then two more races back-to-back. Then on Sunday we shall have one early race at 10.00 with the Vortexes followed by two races with the club fleets (with separate starts) at 11.00. There will be one discard once 3 races have been sailed and two if we are able to fit the full complement of 7 races in.

The Club uses a standard set of Sailing Instructions, which are not amendable in advance. Any changes will be put on the notice board in the main room of the clubhouse. An amendment applying to our fleet alone will be:

**FOR CATAPULTS ONLY: RRS 44.1 is changed so that the Two Turns Penalty is replaced by a One Turn Penalty.**

## ***How to get there***

The Club (postcode BD23 5ED) sits on Grimwith Reservoir just off the B6265 between Pateley Bridge and Grassington. From the A1(M) take the A59 turn-off at Junction 47 and follow Harrogate signs. At the second roundabout turn right (still on the A59) for Knaresborough. At the pair of mini-roundabouts at the bottom of Knaresborough High Street go left and quick right to pick up the B6165 for Ripley. Just before Ripley the road briefly joins the A61 Ripon Road (turn right at the roundabout) and then splits off left at the next one in 300 metres. Follow the B6165 through Burnt Yates and Summerbridge along Nidderdale. Just before Pateley Bridge it joins the B6265 (you may not notice it, as you have right of way). Go through Pateley Bridge, up Greenhow Hill, past Stump Cross caverns and then start looking out for a Yorkshire Water Grimwith Reservoir sign. Turn right along the approach road which will lead you to the Club. NB Greenhow Hill is quite steep; if you have concerns about your ability to climb it, there is an alternative route: in Knaresborough stay on the A59, go through Harrogate and turn right at Blubberhouses for Greenhow village.

## ***Accommodation***

There will be FREE camping on YDSC grounds over the Friday and Saturday nights when the clubhouse will be open. Please note that in common with many other water authorities Yorkshire Water does not allow caravans. The main gate to the club will be open from 13.00 on Friday. If for any reason it is not, go up to the Yorkshire Water car park above the club and knock on the door of the Reservoir Manager's cottage and ask for Maxine who holds the key.

If you want to stay longer to enjoy the delights of the Yorkshire Dales, there are a number of campsites nearby. From previous events the two most popular ones have proved to be at Pateley Bridge and Appletreewick. The latter, found by Syd Gage, is at Howarth Farm Caravan Park (<http://howarthfarm.co.uk/>) 3.5 miles from the club. It is a quiet, basic site (no electricity hook-ups, but good toilet and shower facilities). It costs £15 per caravan per night. Ring 01756 720226 to book. To get there, coming from the Pateley Bridge direction, take the first turn left off the B6265 after Greenhow village for Appletreewick (key BD23 6DE into your satnav). Soon after Black Hill Road becomes Skyreholme Bank, you're there.

Since the Dales is a major tourist area, B&Bs abound. Key "Yorkshire Dales accommodation" into a search engine and a variety of sites pop up. If you want to be in a town, then Pateley Bridge, Grassington and Skipton are nearby, with Addingham and Ilkley a little further. If you are prepared to drive for 30 minutes or so, then the Victorian spa town of Harrogate and the cathedral city of Ripon offer even more options.

### ***The social side***

The club galley, which is under new management and getting good reports, will be offering snacks and lunches both days. You will need to order your meals before taking to the water.

The galley will also be offering a three course hot meal in the clubhouse on Saturday evening. It will be FREE to all competitors. Additional tickets can be purchased at Registration for £12 each (price to be confirmed). The Entry Form has a button to click to register your interest in partaking. The menu will be distributed nearer the time.

### ***Local attractions***

You are in the midst of the world famous Yorkshire Dales with some of the best walking country in the British Isles. There is so much to do for all the family. Lots of ideas can be found on the Parks Authority website at [www.yorkshiredales.org.uk](http://www.yorkshiredales.org.uk).

Fabulous Wharfedale starts just below the club, and Bolton Abbey is a particularly picturesque spot on the river with lovely walks through the woods to the Strid, where the river rushes through a narrow cleft in the rocks.

Railway buffs might like to know that a steam railway runs from Bolton Abbey to Embsay. Alternatively it is a relatively short hop from there to Airedale where you can take the Keighley and Worth Valley steam railway (the real star of the Railway Children) to Haworth in the heart of Bronte Country.

Garden and stately home lovers will be spoilt for choice. Nearby there's Parceval Hall, while heading towards Knaresborough you'll come to Ripley Castle where Jane Eyre was filmed. Knaresborough itself graces many a chocolate box lid. Take in the magnificent view from the Castle over the Nidd Gorge and walk along the riverside. The magnificent World Heritage site of Fountains Abbey is to be found near the attractive cathedral city of Ripon. For keen gardeners the jewel in the crown is the Royal Horticultural Society's Harlow Carr Gardens in Harrogate – and there's a Betty's Tea Room there as well! Or stroll around the beautiful spa town of Harrogate with the famous 200 acre Stray running right through its heart, where you'll find the original Betty's Tea Room.

For something a bit out of the ordinary try:

- going underground at Stump Cross Caverns (just up the road from the club)
- clambering over the fantastically shaped Brimham Rocks
- climbing out of Malham Cove and walking on the Limestone Pavement to Malham Tarn
- rock hopping through Howstein Gorge

There's so much to see and do that you could stay forever!
